Kirby Walls

Front-end engineer

(719) 334-6029 | kjswalls@gmail.com | kjswalls.com | github.com/kjswalls

Work Experience

Foxfeather Software - Berkeley, CA

Front-end engineer   *2015 - Present*

Led design and front-end development of three enterprise web apps. Learned HTML, CSS, and JavaScript for these projects.

Projects

CardSwap : Automate assignment of campus meal plan accounts for students at UC Berkeley. I worked on CardSwap as part of a team of three; I was the front-end engineer.

XO : Play tic tac toe with someone next to you, on the web (with chat), or vs AI. Made with Node.js, Express, and Socket.io. [View code](#) | [View Live](#)

JS Calculator : Web-based calculator. Add and subtract! [View code](#) | [View Live](#)
